When the end came, he depart ed calmly and without a struggle. Emmet Hamblin is not-God has taken him.

"Then let our sorrows cease to flow, God has recalled his own; But let our hearts in every woe Still say, "Thy will be done!"

His funeral took place from his house; an appropriate discourse was preached by Rev. J F. Williams, from 2d Sam., 14c 14v, to a large assembly.

being with her, and showing in posited in Oak Grove Cemetery Flag.

J. F. WILLIAMS. THE RED SKY.

Last week's wonderful Sun-

The fiery appearance of the west orn sky after sundown, which exber of men and intimidated cited much attention and wonderment in all quarters of the world It is fortunate that with the last year, has recently again become

> the skies gowed with spendid shades of red and crimson, and so persons thought that a great fire was raging. Long after the sun had disappeared a lurid red light bung over the horizon, while the darkening heavens overhead re flected a faint tinge of pink. Sim ilar displays have been witnessed at intervals ever since last winter, and they are due to the same cause which produced the astonishing red skies a year ago is rendered proba ble by persistence of another phenomenon which made its appearance at the same time with the original red glows. This is the halo that can be seen surrounding the sun on

tion at Toronto Canada, last of attention paid to some of the as they leave behind them in appearances of nature, even by Hocking.

men whose lives are devoted to nat ura! science that the question has been raised by well known savants whether these sun pagents are re-

ally unusual phenomena. On this point there can no lon ger be any doubt. It is certain that he e red glows referred to, and the curious appearance around the sun the Refreshment line kept on foundation of the Government amounts in daytime, are not ordinary aspects | hand.

The unchangeab'eness of one these phenomena and the intermit tent appearance of the other render difficult the attempt to account for tend to show that they have a com-

The explanation which has been ing upon the dry and hungry. most wide y accepted, viz., that the appearances in question are due the presence in the atmosphere of fine dust thrown out by the volcan c exposions in the East Indias vear ago last summer, is open to many objections, althought it ha iso many circumstances to support it. Une of the most serious objec-

tions to this hypothesis is furnis hed by the appearance of red g ows sever I times after they almost or quite you want Groceries, he has all kinds can. disappeared. Af er the supposi tious dust had once settled to the earth it would be difficult to account for its reason to a heigh of many miles even by the musical aid of and would often say, "boys, I electricity, which serves as a wonder worker for so mony obscure the
